

BIBLESTA FLOAT RULES

Theme: Floats and walking entries are to depict a story or scripture from the Bible. All floats are encouraged to have people included in portraying their float theme. The committee allows one float or walking entry per Biblical scripture. Please complete the enclosed float registration form as soon as possible to assure your chosen scripture.

Costumes: All participants on floats and/or walking entries **must** wear Biblical costumes. Marching bands, color guards, and support personnel, (like drivers) not a part of the float, are not required to wear Biblical Period costumes. If you have questions pertaining to costumes, please note them on your registration form and/or contact the Biblesta Parade Committee.

Lettering: The title of your entry and scripture should be printed in 6" letters. Please include the scripture reference. This information should be on both sides of the float. The name of the church/organization should also be on the float.

Height: Floats should be no taller than **14½ feet** in order to clear the high wires on the parade route.

Parade Lineup: Floats must be in the parade lineup at 10:00 a.m. on Saturday to set up and allow the judges a preview tour. Walking entries must be in the parade lineup at 12:45 p.m. The parade lineup will be in chronological order as the events happened in the Bible. You will be directed to your location at check-in.

NOTE: Because of safety concerns, please refrain from tossing items, such as candy, out along the parade route.
